

7 My Super Savvy Mommy Money Makers

Welcome Parents!

The transition from full-time working woman to full-time Mom trying to contribute to her household income is a rough one...

I'm letting you in on my secrets and sharing my Mommy Money from home heavy hitters!

I work from home and manage to either bring in or save a combined income of at least \$1,000+ per month using these major Mommy Money Contributors.

Some I'm sending you through my referral link, some are just awesome and don't have a referral link.

After my transition I've learned some pretty easy and instant ways that ALL parents can use to make an income while watching their Hooligans play, learn and cuddle right on the couch...

These are my Main Mommy Money Makers

Tradesy

Tradesy: Tradesy is my biggest source of monthly Mommy Money right now... I know I'm always whispering "The battle begins..." whenever I open my closet door... how about you? Well, eventually I woke up and not only realized I'll probably never wear my size 4 college short-shorts again; It is time to let go. Tradesy is a clothing resell website where you can sell your worn clothes and either cash out or receive a greater value in credit to buy something else. I've bought a lot of "new" clothes in size 10 after selling off all my size 4's. #MomLifeReality. You can also sell your Maternity clothes AND... wait for it... your WEDDING STUFF! Would you believe me if I told you *I've made over \$7,000 in the past 3 years* selling things on Tradesy? It's true. Open your account today and you'll get a \$20 coupon for your first purchase!

...and make room in your Mom Closet for some new trendy t-shirts!...

Etsy Shop

Etsy: My next biggest income beast is my Etsy Shop. I know what you're thinking... you don't have time as a busy parent to open and run an Etsy Shop... and you're probably right. But all you need is a digital download! Yep, that's right! Do you make anything really well? A crochet pattern, recipe, digital artwork? Turn your document into a PDF file with this little gem of a website: [Small PDF Converter](#). Upload your listing and set it to auto renew with 1,000 qty. Check back once a month and see how much EASY money you've made by selling your digital skill and shipping nothing! I sell [organization templates for wedding planning](#), worksheets, [wedding games](#), [crock pot freezer labels](#) and so much more as a digital download... truly, one time brain work and design for no effort profits.

...and automate it so you don't even have to try...

Amazon Prime Membership

Amazon Prime: If you're a Mom, you really should have an Amazon Prime Membership already! [Get it NOW...](#) Okay so this one doesn't actually MAKE you money, but the time saving and free shipping pays for itself and then some. An annual membership is \$99 and with that you gain access to a lot of perks. The most beneficial I think are the FREE 2 Day Shipping... um, excuse me, I could spend that much in shipping in just 2 orders! So yes, the \$99 for FREE Shipping on every order for a YEAR is ridiculously worth it! I use my membership daily....

{Don't forget to link through from your [Ebates](#) page first though ;)}

Ebates Membership

Ebates: This is a big monthly contributor to my Mommy Money plan and it seems to be the Internet's best kept secret! [Sign up for Ebates HERE](#) if you're an online shopper. If you shop on the internet {which, obviously, you're a mom, so you do} You can be making easy cash back just by linking through Ebates first. Retailers like Amazon, Etsy, Wal-Mart, Toms Shoes, Michaels Craft Stores and Joann Fabrics all offer cash back through Ebates! There are many more but those are my most frequent places.

Fiverr

Fiverr: Speaking of great places to sell your digital works...Fiverr is an amazing sales platform where you can sell “gigs” for \$5. You can offer gigs such as essay editing, product review and even blog postings. I sell my digital download wedding products here too! You can sell just about anything {for \$5} and work with individuals who NEED things. I like this outlet because I can peruse the “Wanted Ads” and immediately connect with people I know I can quickly help. One woman wanted crochet pattern PDF files to add to her upcoming eBook... which I just so happen to have already... yes, I’ll send an email for \$5... easiest and fastest, sure thing turnaround out there!

Ibotta Smart Phone App

Ibotta: Install this app on your phone **[RIGHT NOW](#)**. This is a coupon app that rewards even better than couponing... which is easier for those of us who are not so extreme. Before you go shopping go through the app and start adding your deals to your list. To enable deals you might have to watch a video, or take a survey. You “unlock” deals and coupons by doing this to add them to your list. Bring home your receipt and SCAN it with your Ibotta app on your smart phone to claim all of your unlocked deals. Once you have redeemed \$20 or more in unlocked deals you can Cash Out with Paypal or with a Gift Card to Regal Cinemas, Starbucks or even Amazon.

Cartwheel Smart Phone App

Cartwheel is the app for Target. I use this app to buy most of my clothing {since Target is the Mom Uniform Store} as well as diapers. More often than not, Target is offering a \$10 {sometimes \$20} gift card for buying boxes of diapers. If there is an additional coupon savings on the Cartwheel app {AND Ibotta AND Check Out 51} you can really start to rack up the savings! Not to mention if you have any clipped coupons! I remodeled my entire bathroom with Target gift cards! It's true!

Check out my receipt below. I saved \$95.20 and then came home with 4 additional \$10 gift cards and \$6.50 in coupons. I spent this \$40 on new towels, a shower curtain and bathroom décor! FREE make over!
